**SCIENTIFIC AND PRACTICAL CONFERENCE  
“POPULAR PROFESSIONS AMONG THE MODERN TEENAGERS”**

Relevance

Today there are thousands of different kinds of jobs, and new ones are constantly appearing. And the problem of choosing the future profession has always been very important and difficult matter because it determines our future life in many ways. It is one of the most important decisions for every person. I am leaving school next year and I haven't yet decided which profession to choose. And some of my classmates haven't decided what profession to choose either. There are a lot of interesting occupations in the world, so it is difficult to make the right choice. It was interesting for me to learn what professions my classmates prefer. Besides, we wanted to know what professions are popular among the teenagers in our region.

**The relevance** of the chosen topic is that young people's opinion has changed greatly. Nowadays there are many modern professions for young people.

Purpose

The purpose of our work is to know what professions modern teenagers prefer to choose.

Hypothesis

The majority of teens want to be a lawyer, an interpreter, a doctor, a model, an IT programmer, an accountant, a journalist, a shop assistant, as these professions are very popular nowadays.

Study of a question

In general, different versions of ratings (in the opinion of different polls, mass media, public opinion centers) are slightly different, but overall trends are sufficient:

1. IT specialist
2. Design engineer
3. Teacher
4. Lawyer
5. Medic
6. Marketer

#### Work methods

Methods which we used: analysis of literature and other sources; questioning.

We studied literature on the question interesting for us. Then we prepared and conducted our own research. During preparation we made up the questionnaire for identification of teenagers 'opinion about professions and factors which influence these preferences.
